FARM CO-OPERATIVE MEETING HERE ON JANUARY 8

S. W. CHEEVES, PIONEER BUSINESS MAN IS DEAD

STROKE OF APOPLEXY FATAL TO WIDELY KNOWN MERCHANT ON DECEMBER 25

S. W. Cheeves, pioneer business man of Cameron, widely known merchant, banker and land owner, died suddenly on Christmas Day, December 25, 1930, from a stroke of apoplexy suffered while on his way to a farm in the Belmena community in company with his son-in-law, Fontaine Flinn.

Mr. Cheeves had suffered a decline in health some months prior to his death and his condition was known to members of the family and a few friends. His death came as a distinct shock to the community and to the hundreds who knew him. He had left his home in Cameron about 8:30 o'clock on December 25, 1930 in company with Fontaine Flinn. A slow rain was falling and when they reached the vicinity of the farm they were to inspect the car was driven a short distance off the highway where the road became heavy and the car stopped. Mr. Cheeves got out of the car to note the condition of the road and attempted to assist Mr. Flinn to disengage the car. The stroke occurred and he fell to the ground, dieing almost instantly.

With the aid of those summoned by Mr. Flinn the body of the pioneer merchant was placed in the car and a call sent in for an ambulance. Dr. Elbra Monroe, summoned, arrived shortly after the ambulance and an examination was made. He had been dead for more than thirty minutes. The body was taken to the home in Cameron.

S. W. Cheeves was born in Alabama in April of 1868 and would have been 63 years of age if he had lived until April of 1931. Early in life Mr. Cheeves began his career as a business man. He had unusual energy and great capacity for business. From his home in Alabama he came to Meridian, Texas, where he lived for a short time. Later he moved to Reagan and from that point to Calvert.

For the past 35 years Mr. Cheeves had been a resident of Cameron, engaging in business for himself shortly after moving here. In all his undertakings he prospered and at the time of his death possessed large interests in widely separated points in Texas.

In 1999 he was married to Miss Carrie Stewart of Durango in Falls county, who survives him.

Among the more important enterprises in which Mr. Cheeves had large holdings are the First National Bank of Cameron of which he was president; the Waco Dry Goods Company. a large jobbing concern; Cheeves Brothers & Co., of McKinney and Cheeves Brothers & Co., of Cameron, one of the oldest and largest firms in this section of the state. At various times in his career as a business man Mr. Cheeves turned his attention to lands and owned large interests in South Texas counties and in Milam and other counties.

Death ended an interesting and influential business career when he died on December 25, 1930. Mourned by hundreds who knew him, his memory is a cherished heritage to those who loved him for his fine qualities and real worth. Always a man of retiring disposition he did not take active part in civic or social affairs but in his own way he lived very close to the ideals he had cherished through a busy life time. Never lacking in courtesy or sympathetic understanding he endeared himself to many. In him was the sunlight of warm friendships and about his memory will always cling the love of those who knew him best. His family ties were strongest and to his devoted wife and children he carried in his heart at all times a devotion that was an inspiration to them and that mellowed his life into many years of sacrifice and interest. To them thus falls the shadow of a great bereavement. His place was a large one in the community in which he lived and in the family where his heart was best known and the quality of his nature most appreciated.

Funeral services were held in the First Methodist church Saturday morning, December 27, at 10 o'clock. Rev. C. A. Lehmberg, pastor delivered the funeral sermon, assisted by Rev. O. C. Acrey, pastor of the First Presbyterian church. The Masonic Order of which Mr. Cheeves had been a member for many years had charge of the funeral services at the grave in Oak Hill cemetery. Green Brothers were in charge of funeral arrangements.

The body lay at the home from December 25 until the funeral hour on Saturday, December 27. Banked high about the mauve gray casket of the pioneer business man were flowers in soft colorful array, attesting the esteem of those who sought by this

JOHN CRAWFORD, AGED PIONEER IS BURIED

NATIVE OF TENNESSEE SUCCUMBS AFTER LONG ILLNESS AT HOME HERE

John Crawford, pioneer resident of Cameron, died at the family residence Wednesday, December 31, 1930 following a long period of illness.

Mr. Crawford was a native of Tennessee and was born on February 11, 1854 and would have been 77 years of age in February of this year. He was reared in Monroe County, Kentucky. He came to Cameron from Kentucky on February 28, 1882. He was married to Miss Mary Susan Turner in Monroe County, Kentucky in 1879 and had been a resident of Cameron for 48 years.

Eight years ago Mr. Crawford lost his left eye in a dynamite explosion in a gravel pit near his home and in the succeeding months lost sight in his right eye and had been bereft of his sight for a number of years. For the past eight months he had been confined to his bed.

A pioneer citizen he had lived thru a stirring period in American history and was one of the early settlers here living nearly a half century in Cameron which he saw grow from a small village to its present size. He never forgot the ways of the pioneer and enjoyed the respect and esteem of his neighbors and all who knew him.

He is survived by his widow, two sons, J. R. Crawford and T. A. Crawford, both of Cameron. Two children are dead. One brother, Pete Crawford, and one sister, Mrs. J. H. McLerran survive together with ten grand children and one great grandchild.

Funeral services were held at the home at 2:30 Thursday, January 1, 1931 with Rev. Joel B. Hardigree of the First Christian church preaching the funeral sermon. The Green Bros., undertaking firm was in charge of the funeral services. Interment was made in Oak Hill Cemetery in the family burial plot.

The Herald extends sympathy to the bereaved family and relatives.

CAMERON MUTUAL ENDS 9TH YEAR IN BUSINESS

HAS DISTRIBUTED OVER $100,000 ON SIXTY-SIX DEATH ASSESSMENTS

Of interest to its members and the community at large is the statement in this issue from the Cameron Mutual Life Insurance Association giving in brief an account of its nine years in business in Cameron.

A study of the statement which is in the nature of a New Year Greeting to members and the announcement of plans for an expansion program in 1931, will show that the Association has paid to beneficiaries of its policy holders more than $100,000 with only sixty-six death assessments or slightly more than seven assessments per year.

The company now has over $1,750,000.00 insurance in force on the lives of people in this territory.

Secretary Vernon Roberts in preparing this statement says that the Association of which W. O. Triggs is Treasurer, hopes to increase that amount by $1,000,000.00 in the coming year.

George W. Ross of Waco, an insurance man of over 10 years experience in agency work, has been secured by the Association to have charge of the expansion program. A larger membership will enable the Association to pay more claims on less assessments.

The Cameron Mutual Life Insurance Association was organized here nine years ago. It was recently sold to W. O. Triggs and Vernon Roberts by C. W. L. Schaeg and Mr. Shackleford. The Association has had a most remarkable career of usefulness bringing protection to the lives of many at a rate peculiar to local mutual associations.

Dr. T. J. Denson is president; Penn Wolf, vice president; and the local representatives under Mr. Ross are A. V. Wokaty and A. L. Ritchie. The directors are H. M. Hefley, Robert McLane and J. B. White.

Defense To Be Offered Against Attacks Make On Federal Farm Board

Members of the Texas Cotton Co-Operative Association, a branch of the Federal Farm Board, are called to meet in Cameron for this district on Thursday, January 8 at 2 p. m., at which time a report will be made to the members on the progress and efforts of the Farm Co-Operative in protecting cotton farmers.

James M. Tongate, manager of the local office of the Farm Board has made all arrangements and the meeting will be held in the District Court room.

The meeting is in the nature of a mass assembly and is for cotton farmers who are members as well as their friends in business. The speaker of the occasion has not been announced but a representative of the Board will be on hand to address the farmers and to make a detailed report of the progress of the Co-Operative.

It is known that the Co-Operative and the Federal Farm Board are thoroughly aroused over attacks being made on the Board. A telegram to The Herald from the Texas Cotton Co-Operative Association declares that information regarding attacks on the Co-Operative Associations and on the Federal Farm Board will be presented before members of the Texas Cotton Co-Operative Association and their friends at a meeting in Cameron, Thursday, January 8 at 2 p. m.

General reports will also be made on the Association program and automobile caravans are being planned to bring the members to the meeting here.

It is regarded as certain that criticism and attacks on the Board have precipitated a crisis and to prevent any possible dissolution of confidence in the Federal Government's agricultural act to aid farmers, the leaders are determined to set things in order before their members and to show the basis for actual aid and achievement.

This is to be a mid-season member conference, says Mr. Tongate. Members from Caldwell and other points are expected to be present for the meeting. It is desired that business men who are interested also in the success of the marketing movement be present for the meeting and hear a discussion of the plans of the Co-Operative.

L. E. Winters, district manager for the Co-Operative was in Cameron on Saturday from his office in Waco to arrange for details of the meeting

FIFTIETH ANNIVERSARY IS CELEBRATED BY BRENHAM COUPLE

Mr. and Mrs. Henry Boecker celebrated their fiftieth wedding anniversary near Brenham Sunday, December 21. Mr. and Mrs. Boecker have lived here all their lives and with a great honoring they were surprised by all the children Sunday excepting one daughter, Mr. and Mrs. Ed Witteneben of Fort Bend County.

All those that were present were Mr. and Mrs. Otto Boecker and family, Mr. and Mrs. Charlie Boecker and family, Mr. and Mrs. Fred Boecker and family, Mr. and Mrs. Otto Schroeder and son, Mr. and Mrs. Wm Lindeman and daughter, all of Brenham; Mrs. Louise Lorenz and daughters, Mr. and Mrs. August Boecker and daughter of Ben Arnold; Mr. and Mrs. Henry Boecker Jr., and family of Fort Bend county. Grandchildren were Mr. and Mrs. Martin Albrecht and son of near Brenham, Mr. and Mrs. Charlie Friemel and son, Mr. and Mrs. Willie Boecker of Ben Arnold, Mr. and Mrs. Berthold Meyen and son and Mr. and Mrs. Joe Meyen of Fort Bend County.

Supper containing the best eats of all kind was served at four o'clock in the afternoon and a delicious lunch was served at a late hour in the night. Everyone leaving for home reported a wonderful time and wished the couple many more happy years.

Harley Saddler Home Robbed In Sweetwater

The luxurious home of Mr. and Mrs. Harley Saddler in Sweetwater was entered by thieves sometime Friday or Saturday and a quantity of goods and valuables worth approximately $3700 was taken.

The thieves entered the home in the absence of Mr. and Mrs. Saddler who were in San Angelo for a week's theatrical engagement. The loss was discovered on their return.

Mrs. Saddler was formerly Miss Bill Massengale of Cameron.

Thieves who systematically looted the home entered by crashing a glass door at the rear of the house. Among the articles taken were a brown mink cape valued at $1500, linens, bed spreads, Indian blankets, silverware, women's apparel, a revolver and an assortment of Christmas gifts for the family.

New Bus Line Granted Cameron To Brenham

A new bus line from Cameron to Brenham is assured with the granting this week of a permit by the Railroad Commission to Day Brothers.

Judge Jeff T. Kemp, W. M. Cobb, secretary of the Cameron Chamber of Commerce and Mayor Cromartie of Caldwell, accompanied B. P. Day to Austin Monday where they appeared before the commission in the interest of the new bus line which will operate from Cameron to Brenham through Caldwell.

The service will begin as soon as they can get equipment and arrange schedule to connect with Austin, and Houston bus lines giving through service.

Mr. and Mrs. James L. Coleman and son, Jimmie, are visiting in Corpus Christi this week, the guests of Mrs. Coleman's mother.

PUBLISHERS NOTICE

As a means of rendering better service to our advertisers in 1931 we are asking co-operation in the matter of securing advertising copy not later than Wednesday of each week. Thursday is publication day and if the paper is delayed circulation is delayed and the advertising message is of little or no worth for week end business. Mechanical problems alone prevent on time issuance of a newspaper if advertising and other materials are delayed beyond Wednesday. This policy of asking for material not later than Wednesday is a service to advertisers as well as to those responsible for the publication of the paper on time each Thursday. Newspapers published on Thursday and issued on time guarantee to advertisers a county wide circulation on Friday for Saturday business. It is easy therefore to see the advantage to advertisers. With this added co-operation we feel that we can render a better service in 1931. Accordingly our policy will be to accept advertising copy not later than Wednesday night of each week. We take this method of thanking our patrons for their favors in 1930 and earnestly solicit your co-operation and continued favors in 1931.

Fossil Bones Found In Well On Vogelsang Farm Burlington

Bones, believed to be the fossil remains of a pre-historic bison, were found last week in a well being dug on the Vogelsang farm near Burlington.

The well is being dug by August Frei on the Earnest Vogelsang place and the bones were discovered at a depth of from 16 to 20 feet and occur in yellow clay. This find was reported by Jos. S. Schiller who was in Cameron and a visitor at The Herald office last week.

Milam county is noted for its fossil remains and the gravel deposits yield an unusual number of them.

Illinois Visitors To Cameron Like Texas Climate and Farms

Among the holiday visitors in Cameron this year were Mr. and Mrs. A. E. Moberg of East St. Louis, Illinois. They visited in the home of Mr. and Mrs. John Radtke who are the parents of Mrs. Moberg. She was reared in Cameron. They visited in Cameron for one week and now have returned to their home.

Mr. Moberg was well pleased with Texas and the climate at this time of the year. At their home at Christmas time there is nearly always a deep snow fall and the temperature is often far below zero.

While in the city they visited The Herald office and were pleased to look over the collection of Indian relics collected by the editor. Mr. Moberg is a native of Wisconsin. The state of Texas is an interesting study for him, its broad acres a never ending appeal. Like all those who live in the north and east they find the bigness of Texas a thrilling experience and also modern improvements an unexpected development.

Tomatoe Meetings Are Scheduled This Week

Secretary Cobb of the Chamber of Commerce announces meetings in the interest of green tomato production for Hoyte on Wednesday of this week and at Minerva on Friday afternoon.

The meetings are to be held at the school houses in each place at 4:00 p. m.

There will be a general meeting at the court house in Cameron at 2:00 p. m. on Saturday of this week. Effort is now being made to close the work for securing acreage for the production of the tomatoes.

Mayor Chambers Gets Injuries In Accident

Mayor W. W. Chembers received minor injuries Wednesday in an auto accident north of Chilton on the Waco road when his Ford coupe struck a concrete abutment on a bridge.

The car was turned over and badly damaged. Mr. Chambers escaped with minor injuries and was able to be at his office on Thursday. Friends will be glad to note the Mayor escaped without serious hurt.

Health Council In Thanks For Aid In Sale of Xmas Seals

Members of the Executive Board of the County Health Council, Mrs. J. P. Love, chairman, take this means of extending thanks to those student nurses at the Cameron Hospital and the high school girls who so ably assisted in the street sale of Milam County Health Seals. With Mrs. Oxsheer Smith and Mrs. Geo. Childress, Jr., in charge of the sale, the following high school girls in nurse's costume, sold seals on the down-town streets for two consecutive Saturdays before the Christmas holidays Misses Dorcas Batte, Ethel Mondrik, Maurine Leonard, Ola McLane, and Estelle Lamkin. They were assisted by a group of nurses from the hospital.

According to a statement coming from the chairman of the council, a statement of the net receipts of the sale will appear in the papers of the county next week. Although the amount of money hoped for was not raised in the sale, the proceeds are greater than they were last year.

DR. A. B. GUINN DIES SAN ANGELO DEC 22

FORMER RESIDENT HERE AND WAR VETERAN SUCCUMBS TO LONG ILLNESS

Dr. A. B. Guinn, chiropractor, died in San Angelo on Monday night at 8:10 o'clock, December 22, 1930, at the family residence at 1905 West Concho Avenue following a long period of illness and declining health.

News of the death of Dr. Guinn, was received in Cameron Tuesday afternoon in a telegraphic message to Dr. C. F. Gyllenband, local chiropractor.

Dr. Guinn was 39 years of age and was a world war veteran, receiving injuries while in the service of his country from which he never entirely recovered.

Funeral services were held in Midlothian, Texas, on Wednesday afternoon, December 24, 1930 with Rev. L. A. Drumright, pastor of the First Baptist church, conducting the services.

Dr. Guinn was a resident of Cameron for a number of years settling here shortly after his discharge from the army. He practiced his profession in Cameron and later at Rosebud where he resided for some time. Some time ago he suffered an attack of pneumonia and from that illness contracted tuberculosis which illness was responsible for his death.

Friends in Cameron will be grieved to learn of his untimely death and extend sympathy to the bereaved widow and family.

Dr. Guinn was married in 1925 to Miss Loneta Holland in Midlothian. Surviving besides his widow are two brothers, J. D. and J. R. Guinn of West Point, Tennessee; three sisters, Mrs. Sam Alsup and Mrs. Ann Robinson of West Point, Tennessee and Mrs. Jim Berryfield of Mayfield Kentucky.

The pallbearers were Charles B. Holland, Hub Holland, Ned Holland, D. B. Holland, Jr., Mac Holland and Wilson Crittendon.

"Big Trail" Gorgeous Western Picture At Milam On Sunday

'The Big Trail,' said by critics every where to be the most realistic and gorgeous western spectacle of the age, will open at the Milam Theatre on Sunday, January 4 for a three day program. This picture, an all talkie is a story of a wagon train blazing a trail across the wastes and snow lands of the west. The picture has received an acclaim throughout America such as has been given no other production of its kind in the history of the screen.

E. J. Sebesta Burned In Fire At Home As He Rescues Family

E. J. Sebesta was severely burned early Wednesday morning in a heroic rescue of his family from his home in the southwestern part of the city. He was given emergency treatment and on Wednesday his physician again gave him treatment.

In the rescue he suffered severe burns on the neck, ears and head and his left forearm was badly lascerated.

The home was completely destroyed and all its contents. The flames had made rapid progress as the family slept unaware of the danger. When he discovered the fire Mr. Sebesta began a frantic effort to get his family to safety. After some minutes of heroic effort under great danger each member of the family was brought to safety. He was the last to leave the burning structure, having returned to save whatever portion of the household goods he could carry from the flames.

Firemen responding to the call were unable to render assistance sufficient to save anything from the flames. The fire had gained much headway and the home was quickly consumed.

The loss is complete, all clothing and household furnishings being destroyed. Their many friends extend their sympathy and all applaud the heroic work of Mr. Sebesta under stress and danger.

Stops Headache in Five Minutes

A Wonderful Formula Ends Aches and Pains Almost Like Magic. Something Better and Safer

Thousands of men and women are now stopping throbbing, sick, dizzy, splitting headaches, as well as the excruciating pains o rheumatism, neuritis, toothache, etc., with a marvelous new formula that is said to be far superior to anything heretofore used.

It contains no aspirin, acetanilid, etc., and is absolutely safe and harmless. This remarkable formula, called A-VOL, is being prescribed by thousands of doctors, dentists and welfare nurses because of the quick, efficient way it relieves all types of aches and pains without depressing the heart, or causing any other harmful effects. A-Vol quickly stops the most severe pain, leaving the patient refreshed and feeling fine. Especially effective in women's period pains.

To quickly prove to yourself that this is truly a remarkable formula, just step into your nearest drug store and get a package of A-VOL for a few cents. Take a couple of tablets right there. If your pain is not gone in five minutes, the clerk will return your money.

BACKACHE SPELLS

This Lady's Husband Urged Her To Take Cardui.—Soon Benefited.

Troy, Ala.—"Cardui has done me good, and it has done my 16-year-old daughter so much good," says Mrs. J. W. Jinright, of this place, "that I felt I wanted other women to know the facts about it, so I wrote to The Chattanooga Medicine Co., telling them about my experience with this medicine, Cardui.

"I have used it at intervals for sixteen years, when I suffered from weakness, and it always helped me.

"Mostly I was afflicted with bad spells of backache. At times I felt as if my back would break. I would drag one foot after the other, in a helpless sort of way, and once I got down in bed. My husband urged me to take Cardui, and I soon found what a fine medicine it really was.

"When my second child was little, I was in very bad health. I did not pick up as I should have. I was weak and sickly. I do not believe that I would have come through, but for Cardui."

Thousands of other women have written to tell how Cardui had helped them to health.

Cardui is a purely vegetable remedy and contains nothing harmful or injurious. It may be safely taken by a delicate young girl, as well as by a feeble old lady. NC-242

Budget Your Expenses in 1931

A Check Book is a litle bookkeeping system in itself. True, it weighs but a few ounces and is absurdly simple. Yet it provides an accurate record of receipts and disbursements, checked monthly by the Bank. Keeping an expense budget is easy (and profitable) with a check book to record your every expenditure. For economy's sake, open a checking account here.

CAMERON IS FORGING AHEAD!

We want to serve you again in 1931. Demands for building materials is greater than for some time.

Cameron will be found forging ahead despite the depression and the low price of cotton. We are making progress.

As we look back over the months we have been in business here, we are pleased with the record we have made and we are greatly indebted to our friends and customers for the measure of prosperity we have enjoyed. We want to talk over your building plans with you and we will appreciate an opportunity to serve you.

We try always to keep the prices of our materials consistently low and to give you at all times the greatest possible values.

We can succeed better with a part of your business and we want a share of it in 1931. We are not asking for everything, just a portion of your business and an opportunity to sell and serve you.

The following timely poem was written for The Herald by F. P. Huebner who resides on Cameron Route 1. Mr. Huebner writes with interest and this poem will be of special interest to farmers and is printed at a time when it should be taken seriously as a means of bringing prosperity back to the soil.

THE GOOD OLD TIMES WE HAD

The good old times we had
Seems to be beyond recall
We used to market our products
In the spring and in the fall.

With a mule team hitched to a wagon
Loaded with oats, hay or corn
To make the round in a day
We started early in the morn.

We carried home something to eat and wear
We calmly drove home without a dash
We had our own flour, eggs and meat
And in the pocket still some cash.

Every day we got up early in the morning
We drove to church on Sunday in a hack
We never saw a puffing auto on the road
And never met an auto wreck.

Now we must go to town by hook or crook
In half an hour or less time
No matter what we have to do in town
Just so we spent the nickle and the dime.

We think we had a joyful ride
And that such little time it took
But O, we find an empty gas tank
A flat, and an empty pocket book.

Our joy then turns into sorrow
We look at farming with a frown
And say, we do not make anything
I think we'll move to town.

I can work by the hour or the day
And make more money than out of all my crops
A cleaning streets, and hauling trash
Or labor day or night in the shops.

But dear friend Farmer do not think that way
Stay on the farm, and practice patience
Till your fields, and take care of your stock
For you are the backbone of the nations.

Plant more feed stuff for your mules and cows
And more corn for sell and to keep
Raise your vegetables and potatoes
So you need not buy when cotton is cheap.

Raise some hogs, and keep some cows
Make some butter and some cheese
Plant some nut trees and some berries
And an orchard of good fruit trees.

Then my friend you can say
My ship is saved, with a joyful grin
If every farmer does as I have done
He will find himself at home again.

In Our Prescription Department

Back in our prescription room the shelves and drawers are filled, as they have been for a generation, with rows of prescription chemicals and pharmaceuticals.

In our ice refrigerator case the serums and antitoxins all bear the name of time honored manufacturers.

In times of sickness and distress you need the service of the Pharmacist, and the service they render in times of need entitles them to a large measure of the good will of the many they serve.

Striving to maintain their heritage from distinguished predecessors, your druggist is giving all his time—night and day—his skill and sympathetic cooperation, to the community, while keeping abreast of modern scientific changing progress.

TEXAS AND TEXANS

By Will H. Mayes

Help Texas Grow

Texas is developing at an unprecedented rate and still greater progress is contemplated for 1931. The construction program already planned for 1931 runs into billions of dollars and the planning has hardly begun. More than $5,000,000 in road building contracts will be let in January, 32 counties to be included in the program for that month. The year's road building no doubt will exceed $75,000,000. Nearly $50,000,000 will be expended by the railroads in extensions and maintenance. Texas port developments will be far in excess of any previous year. River improvements, conservation and irrigation projects of enormous proportions are under way or planned in many sections. New oil and gas fields are being opened in widely scattered districts of the state. Manufacturers are organizing for a most extensive sales campaign. New industrial enterprises are being started and the established industries are increasing their forces. While farming has suffered the past year from drouth and low prices those who have diversified their crops and have used the best cooperative salesmanship methods have prospered, and with a good winter season farmers are starting the new year with increased courage. Unemployment in Texas has been less than in other states, and practical agencies are at work to handle the employment situation to give needed work to all who want it. Texas is going forward and it is your duty as a loyal citizen to do your full part to aid in its progress in every way. The 6,000,000 citizens of Texas working unitedly can accomplish anything they want to do.

Manufacturers Organize

J. W. Carpenter of the Texas Power and Light Company, will head the newly organized movement of Texas manufacturers to stimulate the use of Texas-made goods, both in and out of Texas, through an active and persistent publicity campaign. Texans need to know far beter than they do what goods are made and offered for sale in Texas and the world needs to be kept informed that Texas is an industrial as well as a farming state. Industry and farming must go hand in hand if Texs is to grow as it should. The legislature and the people have stressed farming, not too much, perhaps, but to the neglect of manufacturing. Hereafter, manufacturing is to be presented in a way to receive its share in any development program for the state. Texas industry will ask no special consideration from the people other than that it be given a fair chance to win the favor and the patronage of the public for such products and at such prices as merit it. Texans should 'Know Texas' to the extent of knowing Texas-made products.

Trainloads, Sir

A writer in the Dallas News, who has visited Carrizo Springs and Crystal City, expresses surprise that spinach is shipped out of the Winter Garden of Texas in carload lots, saying that he 'did not know that so much spinach is eaten in all the world.' Carloads, nothing! If the writer had inquired he would have found that section was shipping several train-loads, not car-loads, every day and that shipments for the season from Texas will reach hundreds of train-loads of about 40 cars each.

Spreading Oil Fields

Oil producers are learning that if they go deep enough they can get oil and gas just about anywhere in Texas. The Rusk county fields, recently opened, is steadily adding new wells producing from 3000 to 5000 barrels daily. A big field has been discovered near Kerrville just lately. None of the sizeable old fields have stopped or largely decreased production, and the area of most of them is gradually being extended. All this development is going on in the face of the fact that oil is lower in price than for years, many producers refusing to sell at present prices.

Texas Population Figures

Texas population has grown from 4,663,228 in 1920 to 5,824,715 in 1930, a growth of practically 25 per cent. In the last 30 years the State's population has nearly doubled. This came without any boom method, such as have been employed in California and Florida. In fact it has been almost without any organized efforts at state-wide publicity until the creation of the three regional chambers of commerce in recent years, and these bodies have devoted their attention almost altogether to the interests of the people of their sections rather than to secure additional population. The closing years of the first centennial of Texas progress will see greater increase in population than in any previous ten-year period in the state's history. With proper efforts put forth, the increase should be not less than 50 per cent. Let's help bring it about.

Railway Construction To Begin

Within less than three months the Southern Pacific is to begin the Gulf and West Texas line connecting Corpus Christi and San Antonio with San Angelo and the immense surrounding territory, opening up to railway outlet a large and rich section in Kerr, Mason, McCulloch and Concho counties. The cost will approximate $6,500,000, and efforts are to be made to be running trains over the line by the end of 1931.

San Marcos Improvement

San Marcos has voted a bond issue with which to buy the sewer system from private interests and to improve and extend it and construct a disposal plant. San Marcos ranks among the most progressive of small Texas cities. To show that it has passed the horse-wagon stage, the old post-and-chain hitching racks on the public square were recently removed being needed no longer.

Big Spring Creamery

Big Spring citizens and farmers of the county are planning a $25,000 modern creamery, which is an evidence of the fact that Howard county has about made the change from a ranch to a farming country.

East Texas Iron Ore

Eastern capitalists and manufacturing concerns are making a survey of the iron ore lands near Jacksonville, looking to reviving the iron ore industry of that section, which was abandoned a few years ago. It is only a matter of time until the East Texas iron ore fields will be operated on the large scale that the fine quality of the ore so well justifies.

Money in Turkeys

Turkey Growers have been much pleased with the Christmas market, the best turkeys having sold for 25c before Christmas. DeWitt county alone, growers received more than $500,000 from the season's sales. In the All the World turkey show at the Texas State Fair an Ellis county man received first prize for having the 'grand champion' of the show. Every farm should have at least a few turkeys and a sizeable flock of the best chickens obtainable.

Bottles, Bottles

A Texas glass factory at Three Rivers makes 30,000,000 bottles a year and expects to have to increase its plant to supply the demand for its goods.

Quarterly Tax Payments

The Edinburg city council has voted to permit city taxes to be paid quartrly instead of annually. A measure will probably be introduced in the Texas legislature providing for semi-annual or quarterly payments of state and county taxes.

Student Union Building

Plans are under way to raise funds from the alumni and students of the North Texas College at Denton to erect a students' union building for the student activities of the college, the project to be somewhat like that so successfully conducted by students and the ex-students of the University of Texas.

Kept Santa Busy

The Wellington Leader is responsible for having overworked Santa Claus in that city, having published in one issue 374 letters, finally having to announce that it could publish no more.

COTTON REPORT

There were 54,936 bales of cotton, counting round as half bales ginned in Milam county, from the crop of 1930 prior to December 13, 1930 as compared with 38,639 bales ginned to December 13, 1929.

Every month for the past eleven months various business experts have taken turns prophesying that better times are in store next month and that business in general will experience an upturn. While the commendable, so far it hasn't shown any tangible results. Our guess is that if the practice is kept up one of these days one of these experts is going to guess correctly and hit it.

Hundreds View The 4-H Club Exhibit In Dallas Contest

Three hundred visitors called on the six 4-H pantry demonstrators of Milam county on achievement days when the public was invited to come and see what a complete 4-H pantry is. The value of the 3163 quarts of food in the six pantries was estimated to be $2,465. Home-canned fruits and vegetables were supplemented by 5252 pounds of cured meat and 2588 pounds of dried vegetables. Three hundred and eighty-four feet of storage space had been provided as one of the requisites of the demonstration, and each pantry had a recipe box and menu file filled with tested recipe and menus.

The other members of the six home demonstration clubs represented had all served as co-operators and had preserved 21,520 quarts of food valued at $14,370.48, provided 556 feet of pantry shelving and made fifty-four recipe boxes and menu files.—Farm and Ranch.

GOOD FOR DIZZINESS

Constipation Troubles Relieved By Black-Draught, Says Kentucky Man.

Hopkinsville, Ky.—Hundreds of people in Hopkinsville know Mr. Dale Harris, of 102 South Kentucky Avenue. Mr. Harris knows Thedford's Black-Draught, from having taken it a number of years. He says:

"I often come in from work with a bad feeling in my stomach and head. I have a dizzy feeling in my head and am constipated, so I fix me a dose of Black-Draught immediately to guard off a spell of illness.

"I have always found Black-Draught to be perfectly satisfactory in every way, and would recommend it to any one as a safe and wonderful medicine when a purgative is needed.

"It is a good idea to keep a box of Black-Draught in the medicine cabinet so at a moment's notice you may take some when dizzy spells and constipation occur."

Thousands of others have reported that many disagreeable symptoms, due to constipation, have gone away after they had taken Thedford's Black-Draught.

This well-known medicine has been in use nearly 100 years, and its popularity is constantly increasing, as growing sales clearly prove.

We Wish For Each of You A VERY PROSPEROUS NEW YEAR

DO YOU HAVE A POLICY WITH US? If Not, Why Not?

Here Is Good News For Those Who Need Protection

With the close of 1930 we look over our record made since our organization and in that record we take pride. We have distributed over $100,000.00 to beneficiaries of our policy holders in this community.

During the nine years we have been in business there have been only sixty-six death assessments, making an average of slightly more than seven death assessments per year.

We now have over $1,750,000.00 Insurance in force on the lives of people in this territory.

We trust that in 1931 this amount will be increased at least $1,000,000.00.

CAMERON SOCIETY

By BESS DUBOIS

XMAS DINNER

Dr. and Mrs. James Watson were dinner hosts on Christmas Day, assembling the following guests: Mrs Willie Razor of Dallas and her son, Jimmie Razor of Houston; Mrs. Ida Douglas and Mrs. Kathryn Collier and son, Jack, of Dallas; Dr. and Mrs J. B. Jenkins and sons, John Bill and Joe Mack, of Waxahachie; Mr. and Mrs. A. J. Kincannon, Mr. and Mrs. T. L. Page, Miss Annie Bowman and Mr. George Elbert Ashworth of Eddy; Mr. and Mrs. John Moore of Waco; and Mr. and Mrs. W. E. Gaither and daughter Billy, Mr. and Mrs. J. M. Bowman and son, George, and Mr. and Mrs. R. G. Long and sons, Roderic and William, all of Cameron.

CHRISTMAS DANCE

Members of the high school set were invited to a Christmas dance given Tuesday evening, December 23, by Miss Maidie Watson at the home of her parents, Judge and Mrs. John Watson. A brightly colored lighted Christmas tree, holly, and red berries formed decorations suggestive of the season. Adding to the festive appearance of the house were balloons suspended from the ceilings. These were cut down late in the evening and one was fastened to the ankle of each girl present, the couples then competing to see who could dance longest with the balloon remaining intact. John Wallace and Amelia Freeman won and were presented with a prize.

Refreshments served consisted of date pudding with whipped cream. Out of town guests were Misses Veralice Chartrand of Houston; Rebecca Perry of Bandera; Harvey Jean Caldwell of Pearsall.

BRIDGE PARTIES

Cameron society for the holidays has centered about the younger crowd who are home from college for a few days.

Miss Gladys Davis entertained Monday afternoon with games of bridge the diversion, in which Miss Harriett Flinn won high score award, a deck of cards, and Miss Mary McDermott second high, a box of correspondence cards. Following the games, the hostess served hot chocolate, sandwiches, and olives to the following guests: Misses Lois and Ruby Robbins, Florence Atkinson, Mary McDermott, Frances Sharpe, Harriett Flinn, Lillian Mondrik, Cora Barmore, Nancy Rea Slocomb, Helen Blaylock, and Geraldine Slaughter.

Miss Billy Gaither has entertained during the holidays with a series of small informal bridge parties at her home in the Country Club addition.

PARTIES FOR COLLEGE SET

The first of a series of parties for the college set home for the holidays was given by Miss Cora Barmore on Tuesday evening, December 23, when she invited three tables of players for games of bridge. The usual Christmas decorations prevailed with the central attraction a tree, from which gifts for the guests, gay little dolls, were taken.

Miss Arnette Ryan made high score and Miss Velma Newton was low, with French toilet soap and a set of boudoir candles the respective awards.

Following the games, guests were served angel food cake with whipped cream and cherries and hot chocolate from trays that were centered with red candles in Christmas holders. Lights were extinguished and the burning tapers furnished a soft glow over each table.

Those invited were Misses Laurita Evans, Foldine Rylander, Arnette Ryan, Mary McDermott, Katherine White, Bonnelle Neinast, Frances Sharpe, Geraldine Slaughter, Nancy Rea Slocomb, Velma Newton and Julia Mae McCollum.

FAMILY REUNION

A family reunion formed an all-day affair at the home of Mrs. W. Y. Self at Port Sullivan, Sunday, December 28, when 31 of her relatives, including most of her children, gathered to be with her once more. Those present were Mr. and Mrs. H. G. Self and family of Port Sullivan; Mr. and Mrs. L. T. Self of Hearne; Mr. Hubert Self and son of Ennis; Mr. and Mrs. R. B. Self and family of Gause; B. R. Thompson of Sharpe; Mrs. J. W. Vidler of Jacksonville, Florida; Miss Mamie Weaver of Dallas; Mr. and Mrs. D. B. Gunn and family and Mr. and Mrs. D. H. Slaughter and family of Cameron.

All of Mrs. Self's children were present except Mrs. E. B. Weaver of Kansas City, Kan., and J. T. Self of Port Arthur.

NEW YEAR PARTY

Student nurses of the Cameron Hospital and their invited guests enjoyed a New Year's Eve party Wednesday evening at the home of Rev. and Mrs. J. P. Love. Miss Lorenz, superintendent of nurses, at first planned for the affair to be held in the parlors at the hospital, but because of severe illness there, it was deemed advisable to change at the last moment.

Various games furnished diversion and late in the evening, refreshments of punch and cake were served.

GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Lawrence Slama, Sr., were honored by their children on Christmas Day, when their Golden Wedding Anniversary was celebrated with a dinner at the home of a daughter, Mrs. H. L. Dakel. The five children, L. F. of Cameron, Steve of Bryan, Mrs. Annie Pavles of Caldwell, Mrs. Bessie Dakel of Cameron and Mrs. Julia Bird of Minerva, were present, together with their families. There were eighteen grandchildren here for the occasion.

Mr. and Mrs. Slama were married in Bellville on December 23, 1880. They have lived in Cameron for the past ten years, having come to this county from Caldwell, where they had resided for a number of years. Mr. Slama was born in Europe in the territory then known as Austria-Hungary. He came to the United States, through the Galveston harbor, when fourteen years of age. Mrs. Slama was born in Austin County, Texas and was reared in that section of the state.

The dinner was served in the dining room which was artistically decorated in Christmas colors and bowls of roses on the table. A large golden colored cake was an additional beauty. It was topped with fifty gold candles, symbolic of the fifty years of wedded happiness.

After the delicious repast, gifts were showered on the honorees from a prettily decorated Christmas tree, which also held gifts for other members of the family.

TUESDAY BRIDGE

Miss Velma Newton was hostess to an informal group invited for games of bridge Tuesday evening at the home of her parents, Mr and Mrs. Trent Newton. Following the games, refreshments of frozen ambrosia and cake were served to the following: Miss Bill, Gaither and Mr. Jimmie Razor of Houston; Miss Wis McDermott and Mr. Andrew Freeman; Miss Cora Barmore and Mr. Trovail Stall; Miss Velma Newton and Mr. Gilbert McCollum of Houston.

MISSIONARY SOCIETY

Mrs. W. O. Triggs led the mission study program at the regular meeting of the Methodist Missionary Society held at the church Monday afternoon. This was followed by a discussion of the year's work. Next Monday afternoon officers for the new year will be installed.

BANZHAF MAKES ANNUAL REPORT AS COUNTY AGENT

MUCH TIME SPENT IN TERRACING WORK SHOWN BY AGENT'S REPORT

Engineering-Terracing

Spent 81 days this year doing engineering or terracing work. Laid out terrace lines on 103 different farms over the county, laid off a total of 237,200 yards terrace lines, or 2463 acres. Estimating that this terracing work on these farms will increase the value of this land ten dollars per acre will amount to $24,630.

Also laid out 2000 yards of hill side ditches, and 1100 yards of drainage (open ditches), 2 soil saving dams.

Held one-day terracing school at Burlington with 20 farmers present. Have five farmers who are laying off terrace lines and two vocational teachers helping to get more terracing work done in the county.

R. K. Anderson of Jones Prairie community, says the two weeks he spent building terraces on his 40 acre field is worth $1000. Mr. Fletcher, merchant of Minerva, tells Mr. Tom Evard, Cameron, Rt. 4, that the 10 acre field on the Cameron-Rockdale highway owned by Mr. Evard has improved the looks of the field $150 by being terraced.

Hugo Aigner of Burlington, who was one of my club members for 3 years and who won second prize in the terracing contest at A. & M. Short Course in 1928, has been running terracing lines on 14 different farms in the northern part of our county. Acreage protected by these terraces is 770 acres. Hugo is 21 years old and was an outstanding club member for three years; one year he won the trip to Chicago given by the Santa Fe Railway Company. He gives satisfaction to all farmers who employ him to run lines.

Mr. Fox, vocational teacher of Thorndale also has been doing quite a bit of terrace work in the Thorndale community. And also a Mr. Rice of the Ben Arnold community, but did not get a report from these men to the number of acres terraced.

We have 10 levels in the county but hope to get more doing their own work.

Horticulture

Devoted seven days to pecan work, gave 12 demonstrations in budding with 52 people present. Top worked 4 pecan trees last winter and gave demonstration in budding in August.

Also gave quite a few demonstrations in pruning and spraying peach and plum trees for insect control.

Planned and gave advice in regard to planting two acre pecan orchard on Tom Evard farm.

The 100 pecan trees on the Akers Brothers farm near Cameron that were topped in February 1929 and budded August 1929 are doing fine, most all buds growing.

Poultry

Spent 3 1-2 days giving poultry culling demonstrations, handled 930 birds; out of this number 366 as poor layers.

Gave demonstration in caponizing 30 chickens, only one died from the operation. These capons are doing fine and Mrs. Schwartz is well pleased with results.

Also called and held meeting of the poultry producers of Milam county at our office here in Cameron, in regard to marketing poultry products through the Poultry Producers Association of Texas. A committee was appointed at this meeting to organize the producers of Milam county. Twenty people were present at this meeting.

Entomology

Advised with many farmers in regard to spraying and dusting for boll worms and leaf worm on cotton.

Rodent Control Work

Spent three days in giving demonstrations in the control of cut ants on six different farms, using calcium cynide, pumping cynide into the beds with dust gun, had good results.

Also gave 20 demonstrations in killing the large red ant, used sodium cynide (egg form); made 100 per cent kill; ordered ten pounds for two farmers to be used in killing out the red ant on their farms.

Dairy Work

Assisted committee from the Chamber of Commerce of Cameron in getting milk and cheese plant in operation here at Cameron. Attended meetings with business men of Cameron in different parts of the county to get farmers interested in dairy work.

Made a trip with the agricultural committee to Coleman county where we purchased four registered dairy cows.

The cheese plant is operating and doing as well as could be expected.

Miscellaneous

Assisted in getting a branch office of the Texas Co-operative Cotton Association in Cameron for 1930, which has proved very satisfactory to our farmers.

Held meeting with the poultry producers of the county in regard to marketing poultry products.

Club Work

This year have seven organized agricultural clubs with a total membership of 37. Eighteen boys grew two acres of cotton each, 10 grew one acre of corn each, 4 had poultry, 1 pig, 1 grew calf, 1 grew acre sweet potatoes and 1 grew acre of watermelons.

Up to date have only ten complete reports in office.

Four club members were given free trip to A. & M. Short Course. Three other club members attended and paid own expenses.

Devoted 22 days to club work, held 30 meetings with 281 in attendance, made 28 visits to boys' plots. Also gave demonstrations on pecan budding, poultry culling, orchard pruning and terracing at the meetings.

Co-operative Agencies

The Cameron Commercial Club, the Thorndale Commercial Club and the business men of Rockdale are co-operating nicely with county and home demonstration work. Also the Commissioner's Court. The Cameron Commercial club gave the County and Home Agents $50, the Commissioners Court gave $25, which was used to take ten boys and girls to A. & M. Short Course last summer.

The County Agent is getting fine cooperation from all farmers in the county.

The four county newspapers are fine to the County and Home Agents, in printing any information or notices the Agents desire to come to the notice of the general public.

Devoted 78 days this year visiting farmers, made 231 visits, advised with them in regard to preparation of land, planting, cultivation, seed selection, and the proper way of using and applying commercial fertilizer.

Made a tour with farmers and business men visiting two cotton demonstrations where commercial fertilizer was used with good results.

On the Tom Evard five acre cotton demonstration farm, six miles south of Cameron, on the Cameron-Rockdale highway. Yield was, Plot No. 1, no fertilizer, 272 pounds seed cotton per acre; plot No. 2, where a home mixture fertilizer was used, made 622 pounds seed cotton per acre; plot No. 3, where a home mixture fertilizer was used with a side-dressing of Nitrate Soda 100 pounds per acre, made 630 pounds seed cotton; plot No. 4, where acid prosphate and potash (no nitrogen) was used, made 483 pounds per acre.

Notice is hereby given of a meeting of the stockholders of the First National Bank of Cameron, Texas, to be held at the office of the bank in Cameron, Texas on Tuesday, January 13, 1931, for the purpose of electing a board of directors for the year. 2tc

method to convey their respect and sympathy. From the hour at home to the church and later to the wooded grounds of Oak Hill the ceremony was an earnest expression of sorrow and respectful attention of hearts who knew and appreciated his worth. Death had brought rest from arduous years of living and labor to this widely known business man, but more than this, it had brought to lodgement in the hearts of many a reflective monument of years filled with friendships and speaking a sentiment of tender memories, sweet with the sacred ties of love and friendship that come to those who know how to live and to appreciate.

As a tribute to Mr. Cheeves business houses were closed for the funeral hour.

He is survived by his widow, Mrs. Carrie Cheeves, and five children as follows: Mrs. Cecil Warner of Fort Smith, Ark., Mrs. Fontaine Flinn of Robstown, Miss Carolyn Cheeves of Cameron, Mr. Sam Cheeves of Cross Plains, and Mr. Frank Cheeves of Cameron; three grandchildren; three sisters, Mrs. E. C. Johnson of Temple, Mrs. F. C. Rogers of Waxanachie and Mrs. A. N. Moore of Meridian; two brothers, T. A. Cheeves, Sr., of Marlin and Dick Cheeves of Temple; and several nieces and nephews.

Pall bearers were as follows: Active: Henry Hefley, Oxsheer Smith, Dr. Tom Denson, Preston Graves, Giles Avriett, Rush Thomas, Tom Henderson, Jr., and Joe Bass; Honorary: Arthur Baskin, R. L. Batte, Sr., Judge Jeff Kemp, H. F. Smith, Sr., W. H. Triggs, T. S. Henderson, Sr., Sam Houston, Judge John Watson, Dr. Elbra Monroe, Shep McLerran, Sealy Lamkin, Robert McLane, Abe Cohen, C. W. Lawrence, T. F. Hardy, Dr. Eduard Rischar, H. T. Pope, T. G. Sampson, Ernest Vogelsang, all of Cameron; K. Henderson of Ben Arnold, A. E. Flint and C. S. Peyton of Temple; J. W. Sims and M. V. Naylor of Waco; E. G. Yeager of Rosebud; and B. J. Linthcum of Marlin.

Mr. and Mrs. T. O. Petty and three children of Slaton were holiday guests of Mr. and Mrs. W. M. Fanning and family.

Mrs. Fannie Mae Young and children visited in Bryan Sunday.

FARM CO-OPERATIVE MEETING HERE ON JANUARY 8

S. W. CHEEVES, PIONEER BUSINESS MAN IS DEAD

STROKE OF APOPLEXY FATAL TO WIDELY KNOWN MERCHANT ON DECEMBER 25

S. W. Cheeves, pioneer business man of Cameron, widely known merchant, banker and land owner, died suddenly on Christmas Day, December 25, 1930, from a stroke of apoplexy suffered while on his way to a farm in the Belmena community in company with his son-in-law, Fontaine Flinn.

Mr. Cheeves had suffered a decline in health some months prior to his death and his condition was known to members of the family and a few friends. His death came as a distinct shock to the community and to the hundreds who knew him. He had left his home in Cameron about 8:30 o'clock on December 25, 1930 in company with Fontaine Flinn. A slow rain was falling and when they reached the vicinity of the farm they were to inspect the car was driven a short distance off the highway where the road became heavy and the car stopped. Mr. Cheeves got out of the car to note the condition of the road and attempted to assist Mr. Flinn to disengage the car. The stroke occurred and he fell to the ground, dieing almost instantly.

With the aid of those summoned by Mr. Flinn the body of the pioneer merchant was placed in the car and a call sent in for an ambulance. Dr. Elbra Monroe, summoned, arrived shortly after the ambulance and an examination was made. He had been dead for more than thirty minutes. The body was taken to the home in Cameron.

S. W. Cheeves was born in Alabama in April of 1868 and would have been 63 years of age if he had lived until April of 1931. Early in life Mr. Cheeves began his career as a business man. He had unusual energy and great capacity for business. From his home in Alabama he came to Meridian, Texas, where he lived for a short time. Later he moved to Reagan and from that point to Calvert.

For the past 35 years Mr. Cheeves had been a resident of Cameron, engaging in business for himself shortly after moving here. In all his undertakings he prospered and at the time of his death possessed large interests in widely separated points in Texas.

In 1999 he was married to Miss Carrie Stewart of Durango in Falls county, who survives him.

Among the more important enterprises in which Mr. Cheeves had large holdings are the First National Bank of Cameron of which he was president; the Waco Dry Goods Company. a large jobbing concern; Cheeves Brothers & Co., of McKinney and Cheeves Brothers & Co., of Cameron, one of the oldest and largest firms in this section of the state. At various times in his career as a business man Mr. Cheeves turned his attention to lands and owned large interests in South Texas counties and in Milam and other counties.

Death ended an interesting and influential business career when he died on December 25, 1930. Mourned by hundreds who knew him, his memory is a cherished heritage to those who loved him for his fine qualities and real worth. Always a man of retiring disposition he did not take active part in civic or social affairs but in his own way he lived very close to the ideals he had cherished through a busy life time. Never lacking in courtesy or sympathetic understanding he endeared himself to many. In him was the sunlight of warm friendships and about his memory will always cling the love of those who knew him best. His family ties were strongest and to his devoted wife and children he carried in his heart at all times a devotion that was an inspiration to them and that mellowed his life into many years of sacrifice and interest. To them thus falls the shadow of a great bereavement. His place was a large one in the community in which he lived and in the family where his heart was best known and the quality of his nature most appreciated.

Funeral services were held in the First Methodist church Saturday morning, December 27, at 10 o'clock. Rev. C. A. Lehmberg, pastor delivered the funeral sermon, assisted by Rev. O. C. Acrey, pastor of the First Presbyterian church. The Masonic Order of which Mr. Cheeves had been a member for many years had charge of the funeral services at the grave in Oak Hill cemetery. Green Brothers were in charge of funeral arrangements.

The body lay at the home from December 25 until the funeral hour on Saturday, December 27. Banked high about the mauve gray casket of the pioneer business man were flowers in soft colorful array, attesting the esteem of those who sought by this

JOHN CRAWFORD, AGED PIONEER IS BURIED

NATIVE OF TENNESSEE SUCCUMBS AFTER LONG ILLNESS AT HOME HERE

John Crawford, pioneer resident of Cameron, died at the family residence Wednesday, December 31, 1930 following a long period of illness.

Mr. Crawford was a native of Tennessee and was born on February 11, 1854 and would have been 77 years of age in February of this year. He was reared in Monroe County, Kentucky. He came to Cameron from Kentucky on February 28, 1882. He was married to Miss Mary Susan Turner in Monroe County, Kentucky in 1879 and had been a resident of Cameron for 48 years.

Eight years ago Mr. Crawford lost his left eye in a dynamite explosion in a gravel pit near his home and in the succeeding months lost sight in his right eye and had been bereft of his sight for a number of years. For the past eight months he had been confined to his bed.

A pioneer citizen he had lived thru a stirring period in American history and was one of the early settlers here living nearly a half century in Cameron which he saw grow from a small village to its present size. He never forgot the ways of the pioneer and enjoyed the respect and esteem of his neighbors and all who knew him.

He is survived by his widow, two sons, J. R. Crawford and T. A. Crawford, both of Cameron. Two children are dead. One brother, Pete Crawford, and one sister, Mrs. J. H. McLerran survive together with ten grand children and one great grandchild.

Funeral services were held at the home at 2:30 Thursday, January 1, 1931 with Rev. Joel B. Hardigree of the First Christian church preaching the funeral sermon. The Green Bros., undertaking firm was in charge of the funeral services. Interment was made in Oak Hill Cemetery in the family burial plot.

The Herald extends sympathy to the bereaved family and relatives.

CAMERON MUTUAL ENDS 9TH YEAR IN BUSINESS

HAS DISTRIBUTED OVER $100,000 ON SIXTY-SIX DEATH ASSESSMENTS

Of interest to its members and the community at large is the statement in this issue from the Cameron Mutual Life Insurance Association giving in brief an account of its nine years in business in Cameron.

A study of the statement which is in the nature of a New Year Greeting to members and the announcement of plans for an expansion program in 1931, will show that the Association has paid to beneficiaries of its policy holders more than $100,000 with only sixty-six death assessments or slightly more than seven assessments per year.

The company now has over $1,750,000.00 insurance in force on the lives of people in this territory.

Secretary Vernon Roberts in preparing this statement says that the Association of which W. O. Triggs is Treasurer, hopes to increase that amount by $1,000,000.00 in the coming year.

George W. Ross of Waco, an insurance man of over 10 years experience in agency work, has been secured by the Association to have charge of the expansion program. A larger membership will enable the Association to pay more claims on less assessments.

The Cameron Mutual Life Insurance Association was organized here nine years ago. It was recently sold to W. O. Triggs and Vernon Roberts by C. W. L. Schaeg and Mr. Shackleford. The Association has had a most remarkable career of usefulness bringing protection to the lives of many at a rate peculiar to local mutual associations.

Dr. T. J. Denson is president; Penn Wolf, vice president; and the local representatives under Mr. Ross are A. V. Wokaty and A. L. Ritchie. The directors are H. M. Hefley, Robert McLane and J. B. White.

Defense To Be Offered Against Attacks Make On Federal Farm Board

Members of the Texas Cotton Co-Operative Association, a branch of the Federal Farm Board, are called to meet in Cameron for this district on Thursday, January 8 at 2 p. m., at which time a report will be made to the members on the progress and efforts of the Farm Co-Operative in protecting cotton farmers.

James M. Tongate, manager of the local office of the Farm Board has made all arrangements and the meeting will be held in the District Court room.

The meeting is in the nature of a mass assembly and is for cotton farmers who are members as well as their friends in business. The speaker of the occasion has not been announced but a representative of the Board will be on hand to address the farmers and to make a detailed report of the progress of the Co-Operative.

It is known that the Co-Operative and the Federal Farm Board are thoroughly aroused over attacks being made on the Board. A telegram to The Herald from the Texas Cotton Co-Operative Association declares that information regarding attacks on the Co-Operative Associations and on the Federal Farm Board will be presented before members of the Texas Cotton Co-Operative Association and their friends at a meeting in Cameron, Thursday, January 8 at 2 p. m.

General reports will also be made on the Association program and automobile caravans are being planned to bring the members to the meeting here.

It is regarded as certain that criticism and attacks on the Board have precipitated a crisis and to prevent any possible dissolution of confidence in the Federal Government's agricultural act to aid farmers, the leaders are determined to set things in order before their members and to show the basis for actual aid and achievement

This is to be a mid-season member conference, says Mr. Tongate. Members from Caldwell and other points are expected to be present for the meeting. It is desired that business men who are interested also in the success of the marketing movement be present for the meeting and hear a discussion of the plans of the Co-Operative.

L. E. Winters, district manager for the Co-Operative was in Cameron on Saturday from his office in Waco to arrange for details of the meeting

FIFTIETH ANNIVERSARY IS CELEBRATED BY BRENHAM COUPLE

Mr. and Mrs. Henry Boecker celebrated their fiftieth wedding anniversary near Brenham Sunday, December 21. Mr. and Mrs. Boecker have lived here all their lives and with a great honoring they were surprised by all the children Sunday excepting one daughter, Mr. and Mrs. Ed Witteneben of Fort Bend County.

All those that were present were Mr. and Mrs. Otto Boecker and family, Mr. and Mrs. Charlie Boecker and family, Mr. and Mrs. Fred Boecker and family, Mr. and Mrs. Otto Schroeder and son, Mr. and Mrs. Wm Lindeman and daughter, all of Brenham; Mrs. Louise Lorenz and daughters, Mr. and Mrs. August Boecker and daughter of Ben Arnold; Mr. and Mrs. Henry Boecker Jr., and family of Fort Bend county. Grandchildren were Mr. and Mrs. Martin Albrecht and son of near Brenham, Mr. and Mrs. Charlie Friemel and son, Mr. and Mrs. Willie Boecker of Ben Arnold, Mr. and Mrs. Berthold Meyen and son and Mr. and Mrs. Joe Meyen of Fort Bend County.

Supper containing the best eats of all kind was served at four o'clock in the afternoon and a delicious lunch was served at a late hour in the night. Everyone leaving for home reported a wonderful time and wished the couple many more happy years.

Harley Saddler Home Robbed In Sweetwater

The luxurious home of Mr. and Mrs. Harley Saddler in Sweetwater was entered by thieves sometime Friday or Saturday and a quantity of goods and valubles worth approximately $3700 was taken.

The thieves entered the home in the absence of Mr. and Mrs. Saddler who were in San Angelo for a week's theatrical engagement. The loss was discovered on their return.

Mrs. Saddler was formerly Miss Bill Massengale of Cameron.

Thieves who systematically looted the home entered by crashing a glass door at the rear of the house. Among the articles taken were a brown mink cape valued at $1500, linens, bed spreads, Indian blankets, silverware, women's apparel, a revolver and an assortment of Christmas gifts for the family.

New Bus Line Granted Cameron To Brenham

A new bus line from Cameron to Brenham is assured with the granting this week of a permit by the Railroad Commission to Day Brothers.

Judge Jeff T. Kemp, W. M. Cobb, secretary of the Cameron Chamber of Commerce and Mayor Cromartie of Caldwell, accompanied B. P. Day to Austin Monday where they appeared before the commission in the interest of the new bus line which will operate from Cameron to Brenham through Caldwell.

The service will begin as soon as they can get equipment and arrange schedule to connect with Austin, and Houston bus lines giving through service.

Mr. and Mrs. James L. Coleman and son, Jimmie, are visiting in Corpus Christi this week, the guests of Mrs. Coleman's mother.

PUBLISHERS NOTICE

As a means of rendering better service to our advertisers in 1931 we are asking co-operation in the matter of securing advertising copy not later than Wednesday of each week. Thursday is publication day and if the paper is delayed circulation is delayed and the advertising message is of little or no worth for week end business. Mechanical problems alone prevent on time issuance of a newspaper if advertising and other materials are delayed beyond Wednesday. This policy of asking for material not later than Wednesday is a service to advertisers as well as to those responsible for the publication of the paper on time each Thursday. Newspapers published on Thursday and issued on time guarantee to advertisers a county wide circulation on Friday for Saturday business. It is easy therefore to see the advantage to advertisers. With this added co-operation we feel that we can render a better service in 1931. Accordingly our policy will be to accept advertising copy not later than Wednesday night of each week. We take this method of thanking our patrons for their favors in 1930 and earnestly solicit your co-operation and continued favors in 1931.

Fossil Bones Found In Well On Vogelsang Farm Burlington

Bones, believed to be the fossil remains of a pre-historic bison, were found last week in a well being dug on the Vogelsang farm near Burlington.

The well is being dug by August Frei on the Earnest Vogelsang place and the bones were discovered at a depth of from 16 to 20 feet and occur in yellow clay. This find was reported by Jos. S. Schiller who was in Cameron and a visitor at The Herald office last week.

Milam county is noted for its fossil remains and the gravel deposits yield an unusual number of them.

Illinois Visitors To Cameron Like Texas Climate and Farms

Among the holiday visitors in Cameron this year were Mr. and Mrs. A. E. Moberg of East St. Louis, Illinois. They visited in the home of Mr. and Mrs. John Radtke who are the parents of Mrs. Moberg. She was reared in Cameron. They visited in Cameron for one week and now have returned to their home.

Mr. Moberg was well pleased with Texas and the climate at this time of the year. At their home at Christmas time there is nearly always a deep snow fall and the temperature is often far below zero.

While in the city they visited The Herald office and were pleased to look over the collection of Indian relics collected by the editor. Mr. Moberg is a native of Wisconsin. The state of Texas is an interesting study for him, its broad acres a never ending appeal. Like all those who live in the north and east they find the bigness of Texas a thrilling experience and also modern improvements an unexpected development.

Tomatoe Meetings Are Scheduled This Week

Secretary Cobb of the Chamber of Commerce announces meetings in the interest of green tomato production for Hoyte on Wednesday of this week and at Minerva on Friday afternoon.

The meetings are to be held at the school houses in each place at 4:00 p. m.

There will be a general meeting at the court house in Cameron at 2:00 p. m. on Saturday of this week. Effort is now being made to close the work for securing acreage for the production of the tomatoes.

Mayor Chambers Gets Injuries In Accident

Mayor W. W. Chembers received minor injuries Wednesday in an auto accident north of Chilton on the Waco road when his Ford coupe struck a concrete abutment on a bridge.

The car was turned over and badly damaged. Mr. Chambers escaped with minor injuries and was able to be at his office on Thursday. Friends will be glad to note the Mayor escaped without serious hurt.

Health Council In Thanks For Aid In Sale of Xmas Seals

Members of the Executive Board of the County Health Council, Mrs. J. P. Love, chairman, take this means of extending thanks to those student nurses at the Cameron Hospital and the high school girls who so ably assisted in the street sale of Milam County Health Seals. With Mrs. Oxsheer Smith and Mrs. Geo. Childress, Jr., in charge of the sale, the following high school girls in nurse's costume, sold seals on the down-town streets for two consecutive Saturdays before the Christmas holidays Misses Dorcas Batte, Ethel Mondrik, Maurine Leonard, Ola McLane, and Estelle Lamkin. They were assisted by a group of nurses from the hospital.

According to a statement coming from the chairman of the council, a statement of the net receipts of the sale will appear in the papers of the county next week. Although the amount of money hoped for was not raised in the sale, the proceeds are greater than they were last year.

DR. A. B GUINN DIES SAN ANGELO DEC 22

FORMER RESIDENT HERE AND WAR VETERAN SUCCUMBS TO LONG ILLNESS

Dr. A. B. Guinn, chiropractor, died in San Angelo on Monday night at 8:10 o'clock, December 22, 1930, at the family residence at 1905 West Concho Avenue following a long period of illness and declining health.

News of the death of Dr. Guinn, was received in Cameron Tuesday afternoon in a telegraphic message to Dr. C. F. Gyllenband, local chiropractor.

Dr. Guinn was 39 years of age and was a world war veteran, receiving injuries while in the service of his country from which he never entirely recovered.

Funeral services were held in Midlothian, Texas, on Wednesday afternoon, December 24, 1930 with Rev. L. A. Drumright, pastor of the First Baptist church, conducting the services.

Dr. Guinn was a resident of Cameron for a number of years settling here shortly after his discharge from the army. He practiced his profession in Cameron and later at Rosebud where he resided for some time. Some time ago he suffered an attack of pneumonia and from that illness contracted tuberculosis which illness was responsible for his death.

Friends in Cameron will be grieved to learn of his untimely death and extend sympathy to the bereaved widow and family.

Dr. Guinn was married in 1925 to Miss Loneta Holland in Midlothian. Surviving besides his widow are two brothers, J. D. and J. R. Guinn of West Point, Tennessee; three sisters, Mrs. Sam Alsup and Mrs. Ann Robinson of West Point, Tennessee and Mrs. Jim Berryfield of Mayfield Kentucky.

The pallbearers were Charles B. Holland, Hub Holland, Ned Holland, D. B. Holland, Jr., Mac Holland and Wilson Crittendon.

"Big Trail" Gorgeous Western Picture At Milam On Sunday

'The Big Trail,' said by critics every where to be the most realistic and gorgeous western spectacle of the age, will open at the Milam Theatre on Sunday, January 4 for a three day program. This picture, an all talkie is a story of a wagon train blazing a trail across the wastes and snow lands of the west. The picture has received an acclaim throughout America such as has been given no other production of its kind in the history of the screen.

E. J. Sebesta Burned In Fire At Home As He Rescues Family

E. J. Sebesta was severely burned early Wednesday morning in a heroic rescue of his family from his home in the southwestern part of the city. He was given emergency treatment and on Wednesday his physician again gave him treatment.

In the rescue he suffered severe burns on the neck, ears and head and his left forearm was badly lascerated.

The home was completely destroyed and all its contents. The flames had made rapid progress as the family slept unaware of the danger. When he discovered the fire Mr. Sebesta began a frantic effort to get his family to safety. After some minutes of heroic effort under great danger each member of the family was brought to safety. He was the last to leave the burning structure, having returned to save whatever portion of the household goods he could carry from the flames.

Firemen responding to the call were unable to render assistance sufficient to save anything from the flames. The fire had gained much headway and the home was quickly consumed.

The loss is complete, all clothing and household furnishings being destroyed. Their many friends extend their sympathy and all applaud the heroic work of Mr. Sebesta under stress and danger.

Stops Headache in Five Minutes

A Wonderful Formula Ends Aches and Pains Almost Like Magic. Something Better and Safer

Thousands of men and women are now stopping throbbing, sick, dizzy, splitting headaches, as well as the excruciating pains of rheumatism, neuritis, toothache, etc., with a marvelous new formula that is said to be far superior to anything heretofore used.

It contains no aspirin, acetanilid, etc., and is absolutely safe and harmless. This remarkable formula, called A-VOL, is being prescribed by thousands of doctors, dentists and welfare nurses because of the quick, efficient way it relieves all types of aches and pains without depressing the heart, or causing any other harmful effects. A-Vol quickly stops the most severe pain, leaving the patient refreshed and feeling fine. Especially effective in women's period pains.

To quickly prove to yourself that this is truly a remarkable formula, just step into your nearest drug store and get a package of A-VOL for a few cents. Take a couple of tablets right there. If your pain is not gone in five minutes, the clerk will return your money.

BACKACHE SPELLS

This Lady's Husband Urged Her To Take Cardui.— Soon Benefited.

Troy, Ala.—"Cardui has done me good, and it has done my 16-year-old daughter so much good," says Mrs. J. W. Jinright, of this place, "that I felt I wanted other women to know the facts about it, so I wrote to The Chattanooga Medicine Co., telling them about my experience with this medicine, Cardui.

"I have used it at intervals for sixteen years, when I suffered from weakness, and it always helped me.

"Mostly I was afflicted with bad spells of backache. At times I felt as if my back would break. I would drag one foot after the other, in a helpless sort of way, and once I got down in bed. My husband urged me to take Cardui, and I soon found what a fine medicine it really was.

"When my second child was little, I was in very bad health. I did not pick up as I should have. I was weak and sickly. I do not believe that I would have come through, but for Cardui."

Thousands of other women have written to tell how Cardui had helped them to health.

Cardui is a purely vegetable remedy and contains nothing harmful or injurious. It may be safely taken by a delicate young girl, as well as by a feeble old lady.

The following timely poem was written for The Herald by F. P. Huebner who resides on Cameron Route 1. Mr. Huebner writes with interest and this poem will be of special interest to farmers and is printed at a time when it should be taken seriously as a means of bringing prosperity back to the soil.

THE GOOD OLD TIMES WE HAD

The good old times we had
Seems to be beyond recall
We used to market our products
In the spring and in the fall.

With a mule team hitched to a wagon
Loaded with oats, hay or corn
To make the round in a day
We started early in the morn.

We carried home something to eat and wear
We calmly drove home without a dash
We had our own flour, eggs and meat
And in the pocket still some cash.

Every day we got up early in the morning
We drove to church on Sunday in a hack
We never saw a puffing auto on the road
And never met an auto wreck.

Now we must go to town by hook or crook
In half an hour or less time
No matter what we have to do in town
Just so we spent the nickle and the dime.

We think we had a joyful ride
And that such little time it took
But O, we find an empty gas tank
A flat, and an empty pocket book.

Our joy then turns into sorrow
We look at farming with a frown
And say, we do not make anything
I think we'll move to town.

I can work by the hour or the day
And make more money than out of all my crops
A cleaning streets, and hauling trash
Or labor day or night in the shops.

But dear friend Farmer do not think that way
Stay on the farm, and practice patience
Till your fields, and take care of your stock
For you are the backbone of the nations.

Plant more feed stuff for your mules and cows
And more corn for sell and to keep
Raise your vegetables and potatoes
So you need not buy when cotton is cheap.

Raise some hogs, and keep some cows
Make some butter and some cheese
Plant some nut trees and some berries
And an orchard of good fruit trees.

Then my friend you can say
My ship is saved, with a joyful grin
If every farmer does as I have done
He will find himself at home again.

In Our Prescription Department

Back in our prescription room the shelves and drawers are filled, as they have been for a generation, with rows of prescription chemicals and pharmaceuticals.

In our ice refrigerator case the serums and antitoxins all bear the name of time honored manufacturers.

In times of sickness and distress you need the service of the Pharmacist, and the service they render in times of need entitles them to a large measure of the good will of the many they serve.

Striving to maintain their heritage from distinguished predecessors, your druggist is giving all his time—night and day—his skill and sympathetic cooperation, to the community, while keeping abreast of modern scientific changing progress.

Know your druggist better. He's your doctor's right hand man.

DRUGS AND JEWELRY SERVICE SINCE 1890

TEXAS AND TEXANS

By Will H. Mayes

Help Texas Grow

Texas is developing at an unprecedented rate and still greater progress is contemplated for 1931. The construction program already planned for 1931 runs into billions of dollars and the planning has hardly begun. More than $5,000,000 in road building contracts will be let in January, 32 counties to be included in the program for that month. The year's road building no doubt will exceed $75,000,000. Nearly $50,000,000 will be expended by the railroads in extensions and maintenance. Texas port developments will be far in excess of any previous year. River improvements, conservation and irrigation projects of enormous proportions are under way or planned in many sections. New oil and gas fields are being opened in widely scattered districts of the state. Manufacturers are organizing for a most extensive sales campaign. New industrial enterprises are being started and the established industries are increasing their forces. While farming has suffered the past year from drouth and low prices those who have diversified their crops and have used the best cooperative salesmanship methods have prospered, and with a good winter season farmers are starting the new year with increased courage. Unemployment in Texas has been less than in other states, and practical agencies are at work to handle the employment situation to give needed work to all who want it. Texas is going forward and it is your duty as a loyal citizen to do your full part to aid in its progress in every way. The 6,000,000 citizens of Texas working unitedly can accomplish anything they want to do.

Manufacturers Organize

J. W. Carpenter of the Texas Power and Light Company, will head the newly organized movement of Texas manufacturers to stimulate the use of Texas-made goods, both in and out of Texas, through an active and persistent publicity campaign. Texans need to know far beter than they do what goods are made and offered for sale in Texas and the world needs to be kept informed that Texas is an industrial as well as a farming state. Industry and farming must go hand in hand if Texs is to grow as it should. The legislature and the people have stressed farming, not too much, perhaps, but to the neglect of manufacturing. Hereafter, manufacturing is to be presented in a way to receive its share in any development program for the state. Texas industry will ask no special consideration from the people other than that it be given a fair chance to win the favor and the patronage of the public for such products and at such prices as merit it. Texans should 'Know Texas' to the extent of knowing Texas-made products.

Trainloads, Sir

A writer in the Dallas News, who has visited Carrizo Springs and Crystal City, expresses surprise that spinach is shipped out of the Winter Garden of Texas in carload lots, saying that he 'did not know that so much spinach is eaten in all the world.' Carloads, nothing! If the writer had inquired he would have found that section was shipping several train-loads, not car-loads, every day and that shipments for the season from Texas will reach hundreds of train-loads of about 40 cars each.

Spreading Oil Fields

Oil producers are learning that if they go deep enough they can get oil and gas just about anywhere in Texas. The Rusk county fields, recently opened, is steadily adding new wells producing from 3000 to 5000 barrels daily. A big field has been discovered near Kerrville just lately. None of the sizeable old fields have stopped or largely decreased production, and the area of most of them is gradually being extended. All this development is going on in the face of the fact that oil is lower in price than for years, many producers refusing to sell at present prices.

Texas Population Figures

Texas population has grown from 4,663,228 in 1920 to 5,824,715 in 1930, a growth of practically 25 per cent. In the last 30 years the State's population has nearly doubled. This came without any boom method, such as have been employed in California and Florida. In fact it has been almost without any organized efforts at state-wide publicity until the creation of the three regional chambers of commerce in recent years, and these bodies have devoted their attention almost altogether to the interests of the people of their sections rather than to secure additional population. The closing years of the first centennial of Texas progress will see greater increase in population than in any previous ten-year period in the state's history. With proper efforts put forth, the increase should be not less than 50 per cent. Let's help bring it about.

Railway Construction To Begin

Within less than three months the Southern Pacific is to begin the Gulf and West Texas line connecting Corpus Christi and San Antonio with San Angelo and the immense surrounding territory, opening up to railway outlet a large and rich section in Kerr, Mason, McCulloch and Concho counties. The cost will approximate $5,500,000, and efforts are to be made to be running trains over the line by the end of 1931.

San Marcos Improvement

San Marcos has voted a bond issue with which to buy the sewer system from private interests and to improve and extend it and construct a disposal plant. San Marcos ranks among the most progressive of small Texas cities. To show that it has passed the horse-wagon stage, the old post-and-chain hitching racks on the public square were recently removed being needed no longer.

Big Spring Creamery

Big Spring citizens and farmers of the county are planning a $25,000 modern creamery, which is an evidence of the fact that Howard county has about made the change from a ranch to a farming country.

East Texas Iron Ore

Eastern capitalists and manufacturing concerns are making a survey of the iron ore lands near Jacksonville, looking to reviving the iron ore industry of that section, which was abandoned a few years ago. It is only a matter of time until the East Texas iron ore fields will be operated on the large scale that the fine quality of the ore so well justifies.

Money in Turkeys

Turkey Growers have been much pleased with the Christmas market, the best turkeys having sold for 25c before Christmas. DeWitt county alone, growers received more than $500,000 from the season's sales. In the All the World turkey show at the Texas State Fair an Ellis county man received first prize for having the 'grand champion' of the show. Every farm should have at least a few turkeys and a sizeable flock of the best chickens obtainable.

Bottles, Bottles

A Texas glass factory at Three Rivers makes 30,000,000 bottles a year and expects to have to increase its plant to supply the demand for its goods.

Quarterly Tax Payments

The Edinburg city council has voted to permit city taxes to be paid quartrly instead of annually. A measure will probably be introduced in the Texas legislature providing for semi-annual or quarterly payments of state and county taxes.

Student Union Building

Plans are under way to raise funds from the alumni and students of the North Texas College at Denton to erect a students' union building for the student activities of the college, the project to be somewhat like that so successfully conducted by students and the ex-students of the University of Texas.

Kept Santa Busy

The Wellington Leader is responsible for having overworked Santa Claus in that city, having published in one issue 374 letters, finally having to announce that it could publish no more.

November and December with their Thanksgiving and Christmas dinners open new temptations to those who must watch their calories.

Surprisingly few men are lacking in capacity, but they fail because they are lacking in application. Either they never learn how to work or having learned they are too indolent to apply themselves with the seriousness and the attention that is necessary to solve important problems.—Parry's Pickings.

Every month for the past eleven months various business experts have taken turns prophesying that better times are in store next month and that business in general will experience an upturn. While the commendable, so far it hasn't shown any tangible results. Our guess is that if the practice is kept up one of these days one of these experts is going to guess correctly and hit it.

Hundreds View The 4-H Club Exhibit In Dallas Contest

Three hundred visitors called on the six 4-H pantry demonstrators of Milam county on achievement days when the public was invited to come and see what a complete 4-H pantry is. The value of the 3163 quarts of food in the six pantries was estimated to be $2,465. Home-canned fruits and vegetables were supplemented by 5252 pounds of cured meat and 2588 pounds of dried vegetables. Three hundred and eighty-four feet of storage space had been provided as one of the requisites of the demonstration, and each pantry had a recipe box and menu file filled with tested recipe and menus.

The other members of the six home demonstration clubs represented had all served as co-operators and had preserved 21,520 quarts of food valued at $14,370.48, provided 556 feet of pantry shelving and made fifty-four recipe boxes and menu files.—Farm and Ranch.

GOOD FOR DIZZINESS

Constipation Troubles Relieved By Black-Draught, Says Kentucky Man.

Hopkinsville, Ky.—Hundreds of people in Hopkinsville know Mr. Dale Harris, of 102 South Kentucky Avenue. Mr. Harris knows Thedford's Black-Draught, from having taken it a number of years. He says: "I often come in from work with a bad feeling in my stomach and head. I have a dizzy feeling in my head and am constipated, so I fix me a dose of Black-Draught immediately to guard off a spell of illness.

"I have always found Black-Draught to be perfectly satisfactory in every way, and would recommend it to any one as a safe and wonderful medicine when a purgative is needed.

"It is a good idea to keep a box of Black-Draught in the medicine cabinet so at a moment's notice you may take some when dizzy spells and constipation occur."

Thousands of others have reported that many disagreeable symptoms, due to constipation, have gone away after they had taken Thedford's Black-Draught.

This well-known medicine has been in use nearly 100 years, and its popularity is constantly increasing, as growing sales clearly prove. Sold in 25¢ packages. NC-249

DO YOU HAVE A POLICY WITH US? If Not, Why Not?

Here Is Good News For Those Who Need Protection

With the close of 1930 we look over our record made since our organization and in that record we take pride.

We have distributed over $100,000.00 to beneficiaries of our policy holders in this community.

During the nine years we have been in business there have been only sixty-six death assessments, making an average of slightly more than seven death assessments per year.

We now have over $1,750,000.00 Insurance in force on the lives of people in this territory.

We trust that in 1931 this amount will be increased at least $1,000,000.00.

XMAS DINNER

Dr. and Mrs. James Watson were dinner hosts on Christmas Day, assembling the following guests: Mrs Willie Razor of Dallas and her son, Jimmie Razor of Houston; Mrs. Ida Douglas and Mrs. Kathryn Collier and son, Jack, of Dallas; Dr. and Mrs J. B. Jenkins and sons, John Bill and Joe Mack, of Waxahachie; Mr. and Mrs. A. J. Kincannon, Mr. and Mrs. T. L. Page, Miss Annie Bowman and Mr. George Elbert Ashworth of Eddy; Mr. and Mrs. John Moore of Waco; and Mr. and Mrs. W. E. Gaither and daughter Billy, Mr. and Mrs. J. M. Bowman and son, George, and Mr. and Mrs. R. G. Long and sons, Roderic and William, all of Cameron.

CHRISTMAS DANCE

Members of the high school set were invited to a Christmas dance given Tuesday evening, December 28, by Miss Maidie Watson at the home of her parents, Judge and Mrs. John Watson. A brightly colored lighted Christmas tree, holly, and red berries formed decorations suggestive of the season. Adding to the festive appearance of the house were balloons suspended from the ceilings. These were cut down late in the evening and one was fastened to the ankle of each girl present, the couples then competing to see who could dance longest with the balloon remaining intact. John Wallace and Amelia Freeman won and were presented with a prize.

Refreshments served consisted of date pudding with whipped cream. Out of town guests were Misses Veralice Chartrand of Houston; Rebecca Perry of Bandera; Harvey Jean Caldwell of Pearsall.

BRIDGE PARTIES

Cameron society for the holidays has centered about the younger crowd who are home from college for a few days.

Miss Gladys Davis entertained Moniday afternoon with games of bridge the diversion, in which Miss Harriett Flinn won high score award, a deck of cards, and Miss Mary McDermott second high, a box of correspondence cards. Following the games, the hostess served hot chocolate, sandwiches, and olives to the following guests: Misses Lois and Ruby Robbins, Florence Atkinson, Mary McDermott, Frances Sharpe, Harriett Flinn, Lillian Mondrik, Cora Barmore, Nancy Rea Slocomb, Helen Blaylock, and Geraldine Slaughter.

Miss Billy Gaither has entertained during the holidays with a series of small informal bridge parties at her home in the Country Club addition.

PARTIES FOR COLLEGE SET

The first of a series of parties for the college set home for the holidays was given by Miss Cora Barmore on Tuesday evening, December 23, when she invited three tables of players for games of bridge. The usual Christmas decorations prevailed with the central attraction a tree, from which gifts for the guests, gay little dolls, were taken.

Miss Arnette Ryan made high score and Miss Velma Newton was low, with French toilet soap and a set of boudoir candles the respective awards.

Following the games, guests were served angel food cake with whipped cream and cherries and hot chocolate from trays that were centered with red candles in Christmas holders. Lights were extinguished and the burning tapers furnished a soft glow over each table.

Those invited were Misses Laurita Evans, Foldine Rylander, Arnette Ryan, Mary McDermott, Katherine White, Bonnelle Neinast, Frances Sharpe, Geraldine Slaughter, Nancy Rea Slocomb, Velma Newton and Julia Mae McCollum.

FAMILY REUNION

A family reunion formed an all-day affair at the home of Mrs. W. Y. Self at Port Sullivan, Sunday, December 28, when 31 of her relatives, including most of her children, gathered to be with her once more. Those present were Mr. and Mrs. H. G. Self and family of Port Sullivan; Mr. and Mrs. L. T. Self of Hearne; Mr. Hubert Self and son of Ennis; Mr. and Mrs. R. B. Self and family of Gause; B. R. Thompson of Sharpe; Mrs. J. W. Vidler of Jacksonville, Florida; Miss Mamie Weaver of Dallas; Mr. and Mrs. D. B. Gunn and family and Mr. nd Mrs. D. H. Slaughter and family of Cameron.

All of Mrs. Self's children were present except Mrs. E. B. Weaver of Kansas City, Kan., and J. T. Self of Port Arthur.

NEW YEAR PARTY

Student nurses of the Cameron Hospital and their invited guests enjoyed a New Year's Eve party Wednesday evening at the home of Rev. and Mrs. J. P. Love. Miss Lorenz, superintendent of nurses, at first planned for the affair to be held in the parlors at the hospital, but because of severe illness there, it was deemed advisable to change at the last moment.

Various games furnished diversion and late in the evening, refreshments of punch and cake were served.

GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Lawrence Slama, Sr., were honored by their children on Christmas Day, when their Golden Wedding Anniversary was celebrated with a dinner at the home of a daughter, Mrs. H. L. Dakel. The five children, L. F. of Cameron, Steve of Bryan, Mrs. Annie Pavles of Caldwell, Mrs. Bessie Dakel of Cameron and Mrs. Julia Bird of Minerva, were present, together with their families. There were eighteen grandchildren here for the occasion.

Mr. and Mrs. Slama were married in Bellville on December 23, 1880. They have lived in Cameron for the past ten years, having come to this county from Caldwell, where they had resided for a number of years. Mr. Slama was born in Europe in the territory then known as Austria-Hungary. He came to the United States, through the Galveston harbor, when fourteen years of age. Mrs. Slama was born in Austin County, Texas and was reared in that section of the state.

The dinner was served in the dining room which was artistically decorated in Christmas colors and bowls of roses on the table. A large golden colored cake was an additional beauty. It was topped with fifty gold candles, symbolic of the fifty years of wedded happiness.

After the delicious repast, gifts were showered on the honorees from a prettily decorated Christmas tree, which also held gifts for other members of the family.

TUESDAY BRIDGE

Miss Velma Newton was hostess to an informal group invited for games of bridge Tuesday evening at the home of her parents, Mr and Mrs. Trent Newton. Following the games, refreshments of frozen ambrosia and cake were served to the followingi Miss Bill, Gaither and Mr. Jimmie Razor of Houston; Miss Wis McDermott and Mr. Andrew Freeman; Miss Cora Barmore and Mr. Trovall Stall; Miss Velma Newton and Mr. Gilbert McCollum of Houston.

MISSIONARY SOCIETY

Mrs. W. O. Triggs led the mission study program at the reguar meeting of the Methodist Missionary Society held at the church Monday afternoon. This was followed by a discussion of the year's work. Next Monday afternoon officers for the new year will be installed.

BANZHAF MAKES ANNUAL REPORT AS COUNTY AGENT

MUCH TIME SPENT IN TERRACING WORK SHOWN BY AGENT'S REPORT

Engineering-Terracing

Spent 81 days this year doing engineering or terracing work. Laid out terrace lines on 103 different farms over the county, laid off a total of 237,200 yards terrace lines, or 2463 acres. Estimating that this terracing work on these farms will increase the value of this land ten dollars per acre will amount to $24,630.

Also laid out 2000 yards of hill side ditches, and 1100 yards of drainage (open ditches), 2 soil saving dams.

Held one-day terracing school at Burlington with 20 farmers present. Have five farmers who are laying off terrace lines and two vocational teachers helping to get more terracing work done in the county.

R. K. Anderson of Jones Prairie community, says the two weeks he spent building terraces on his 40 acre field is worth $1000. Mr. Fletcher, merchant of Minerva, tells Mr. Tom Evard, Cameron, Rt. 4, that the 10 acre field on the Cameron-Rockdale highway owned by Mr. Evard has improved the looks of the field $150 by being terraced.

Hugo Aigner of Burlington, who was one of my club members for 3 years and who won second prize in the terracing contest at A. & M. Short Course in 1928, has been running terracing lines on 14 different farms in the northern part of our county. Acreage protected by these terraces is 770 acres. Hugo is 21 years old and was an outstanding club member for three years; one year he won the trip to Chicago given by the Santa Fe Railway Company. He gives satisfaction to all farmers who employ him to run lines.

Mr. Fox, vocational teacher of Thorndale also has been doing quite a bit of terrace work in the Thorndale community. And also a Mr. Rice of the Ben Arnold community, but did not get a report from these men to the number of acres terraced.

We have 10 levels in the county but hope to get more doing their own work.

Horticulture

Devoted seven days to pecan work, gave 12 demonstrations in budding with 52 people present. Top worked 4 pecan trees last winter and gave demonstration in budding in August.

Also gave quite a few demonstrations in pruning and spraying peach and plum trees for insect control.

Planned and gave advice in regard to planting two acre pecan orchard on Tom Evard farm.

The 100 pecan trees on the Akers Brothers farm near Cameron that were topped in February 1929 and budded August 1929 are doing fine, most all buds growing.

Poultry

Spent 3 1-2 days giving poultry culling demonstrations, handled 930 birds; out of this number 366 as poor layers.

Gave demonstration in caponizing 30 chickens, only one died from the operation. These capons are doing fine and Mrs. Schwartz is well pleased with results.

Also called and held meeting of the poultry producers of Milam county at our office here in Cameron, in regard to marketing poultry products through the Poultry Producers Association of Texas. A committee was appointed at this meeting to organize the producers of Milam county. Twenty people were present at this meeting.

Entomology

Advised with many farmers in regard to spraying and dusting for boll worms and leaf worm on cotton.

Rodent Control Work

Spent three days in giving demonstrations in the control of cut ants on six different farms, using calcium cynide, pumping cynide into the beds with dust gun, had good results.

Also gave 20 demonstrations in killing the large red ant, used sodium cynide (egg form); made 100 per cent kill; ordered ten pounds for two farmers to be used in killing out the red ant on their farms.

Dairy Work

Assisted committee from the Chamber of Commerce of Cameron in getting milk and cheese plant in operation here at Cameron. Attended meetings with business men of Cameron in different parts of the county to get farmers interested in dairy work.

Made a trip with the agricultural committee to Coleman county where we purchased four registered dairy cows.

The cheese plant is operating and doing as well as could be expected.

Miscellaneous

Assisted in getting a branch office of the Texas Co-operative Cotton Association in Cameron for 1930, which has proved very satisfactory to our farmers.

Held meeting with the poultry producers of the county in regard to marketing poultry products.

Club Work

This year have seven organized agricultural clubs with a total membership of 37. Eighteen boys grew two acres of cotton each, 10 grew one acre of corn each, 4 had poultry, 2 grew calf, 1 pig, 1 grew acre sweet potatoes and 1 grew acre of watermelons.

Up to date have only ten complete reports in office.

Four club members were given free trip to A. & M. Short Course. Three other club members attended and paid own expenses.

Devoted 22 days to club work, held 30 meetings with 281 in attendance, made 28 visits to boys' plots. Also gave demonstrations on pecan budding, poultry culling, orchard pruning and terracing at the meetings.

Co-operative Agencies

The Cameron Commercial Club, the Thorndale Commercial Club and the business men of Rockdale are co-operating nicely with county and home demonstration work. Also the Commissioner's Court. The Cameron Commercial club gave the County and Home Agents $50, the Commissioners Court gave $25, which was used to take ten boys and girls to A. & M. Short Course last summer.

The County Agent is getting fine cooperation from all farmers in the county.

The four county newspapers are fine to the County and Home Agents, in printing any information or notices the Agents desire to come to the notice of the general public.

Devoted 78 days this year visiting farmers, made 231 visits, advised with them in regard to preparation of land, planting, cultivation, seed selection, and the proper way of using and applying commercial fertilizer.

Made a tour with farmers and business men visiting two cotton demonstrations where commercial fartilizer was used with good results.

On the Tom Evard five acre cotton demonstration farm, six miles south of Cameron, on the Cameron-Rockdale highway. Yield was, Plot No. 1, no fertilizer, 272 pounds seed cotton per acre; plot No. 2, where a home mixture fertilizer was used, made 622 pounds seed cotton per acre; plot No. 3, where a home mixture fertilizer was used with a side-dressing of Nitrate Soda 100 pounds per acre, made 630 pounds seed cotton; plot No. 4, where acid prosphate and potash (no nitrogen) was used, made 483 pounds per acre.

method to convey their respect and sympathy. From the hour at home to the church and later to the wooded grounds of Oak Hill the ceremony was an earnest expression of sorrow and respectful attention of hearts who knew and appreciated his worth. Death had brought rest from arduous years of living and labor to this widely known business man, but more than this, it had brought to lodgement in the hearts of many a reflective monument of years filled with friendships and speaking a sentiment of tender memories, sweet with the sacred ties of love and friendship that come to those who know how to live and to appreciate.

As a tribute to Mr. Cheeves business houses were closed for the funeral hour.
